

### **Sorb-It® Desiccants in Contact with Food and Drugs**

The FDA has determined that the Sorb-It® desiccant packaged in a Tyvek® packaging film meets the requirements of the U.S. Food and Drug Administration for contact with food and drugs:

1. The desiccant is non-toxic.
2. Chemically, the desiccant is amorphous silicon dioxide. Silica gel is covered under 21 CFR 172.230, 172.480, 175.390, 182.90. This silica gel is also a "GRAS" material as defined in 21 CFR and is covered by Title 21 of the Code of Federal Regulations.
3. The desiccant is enclosed within an Tyvek® bag, the film meets the requirement of the FDA as stated in Title 21 of the Code Of Regulations section 177.1520 and 178.2010
4. The desiccant bears a statement warning consumers against accidental ingestion.
