

110 Series Irreversible Labels

STORAGE: For best shelf-life, store the 110 Series Labels in a cool (less than 80°F), dry (less than 50% RH) environment.

ACTIVATION: The 110 Series Labels are self-activating, no activation is required.

APPLICATION: Remove the adhesive liner and adhere to a clean dry surface.

INDICATION: In the event of a temperature breach, the indicator windows will turn from white to black. The indicator windows will respond within 2-5 seconds at the rated temperature.
